

# SPONSORSHIP BROCHURE

**Hack In The North** is the collaboration of programmers, designers and inventors to code, **design and build** innovative solution that tackle real word problems.

It provides a venue for **self-expression** and **creativity** through technology.

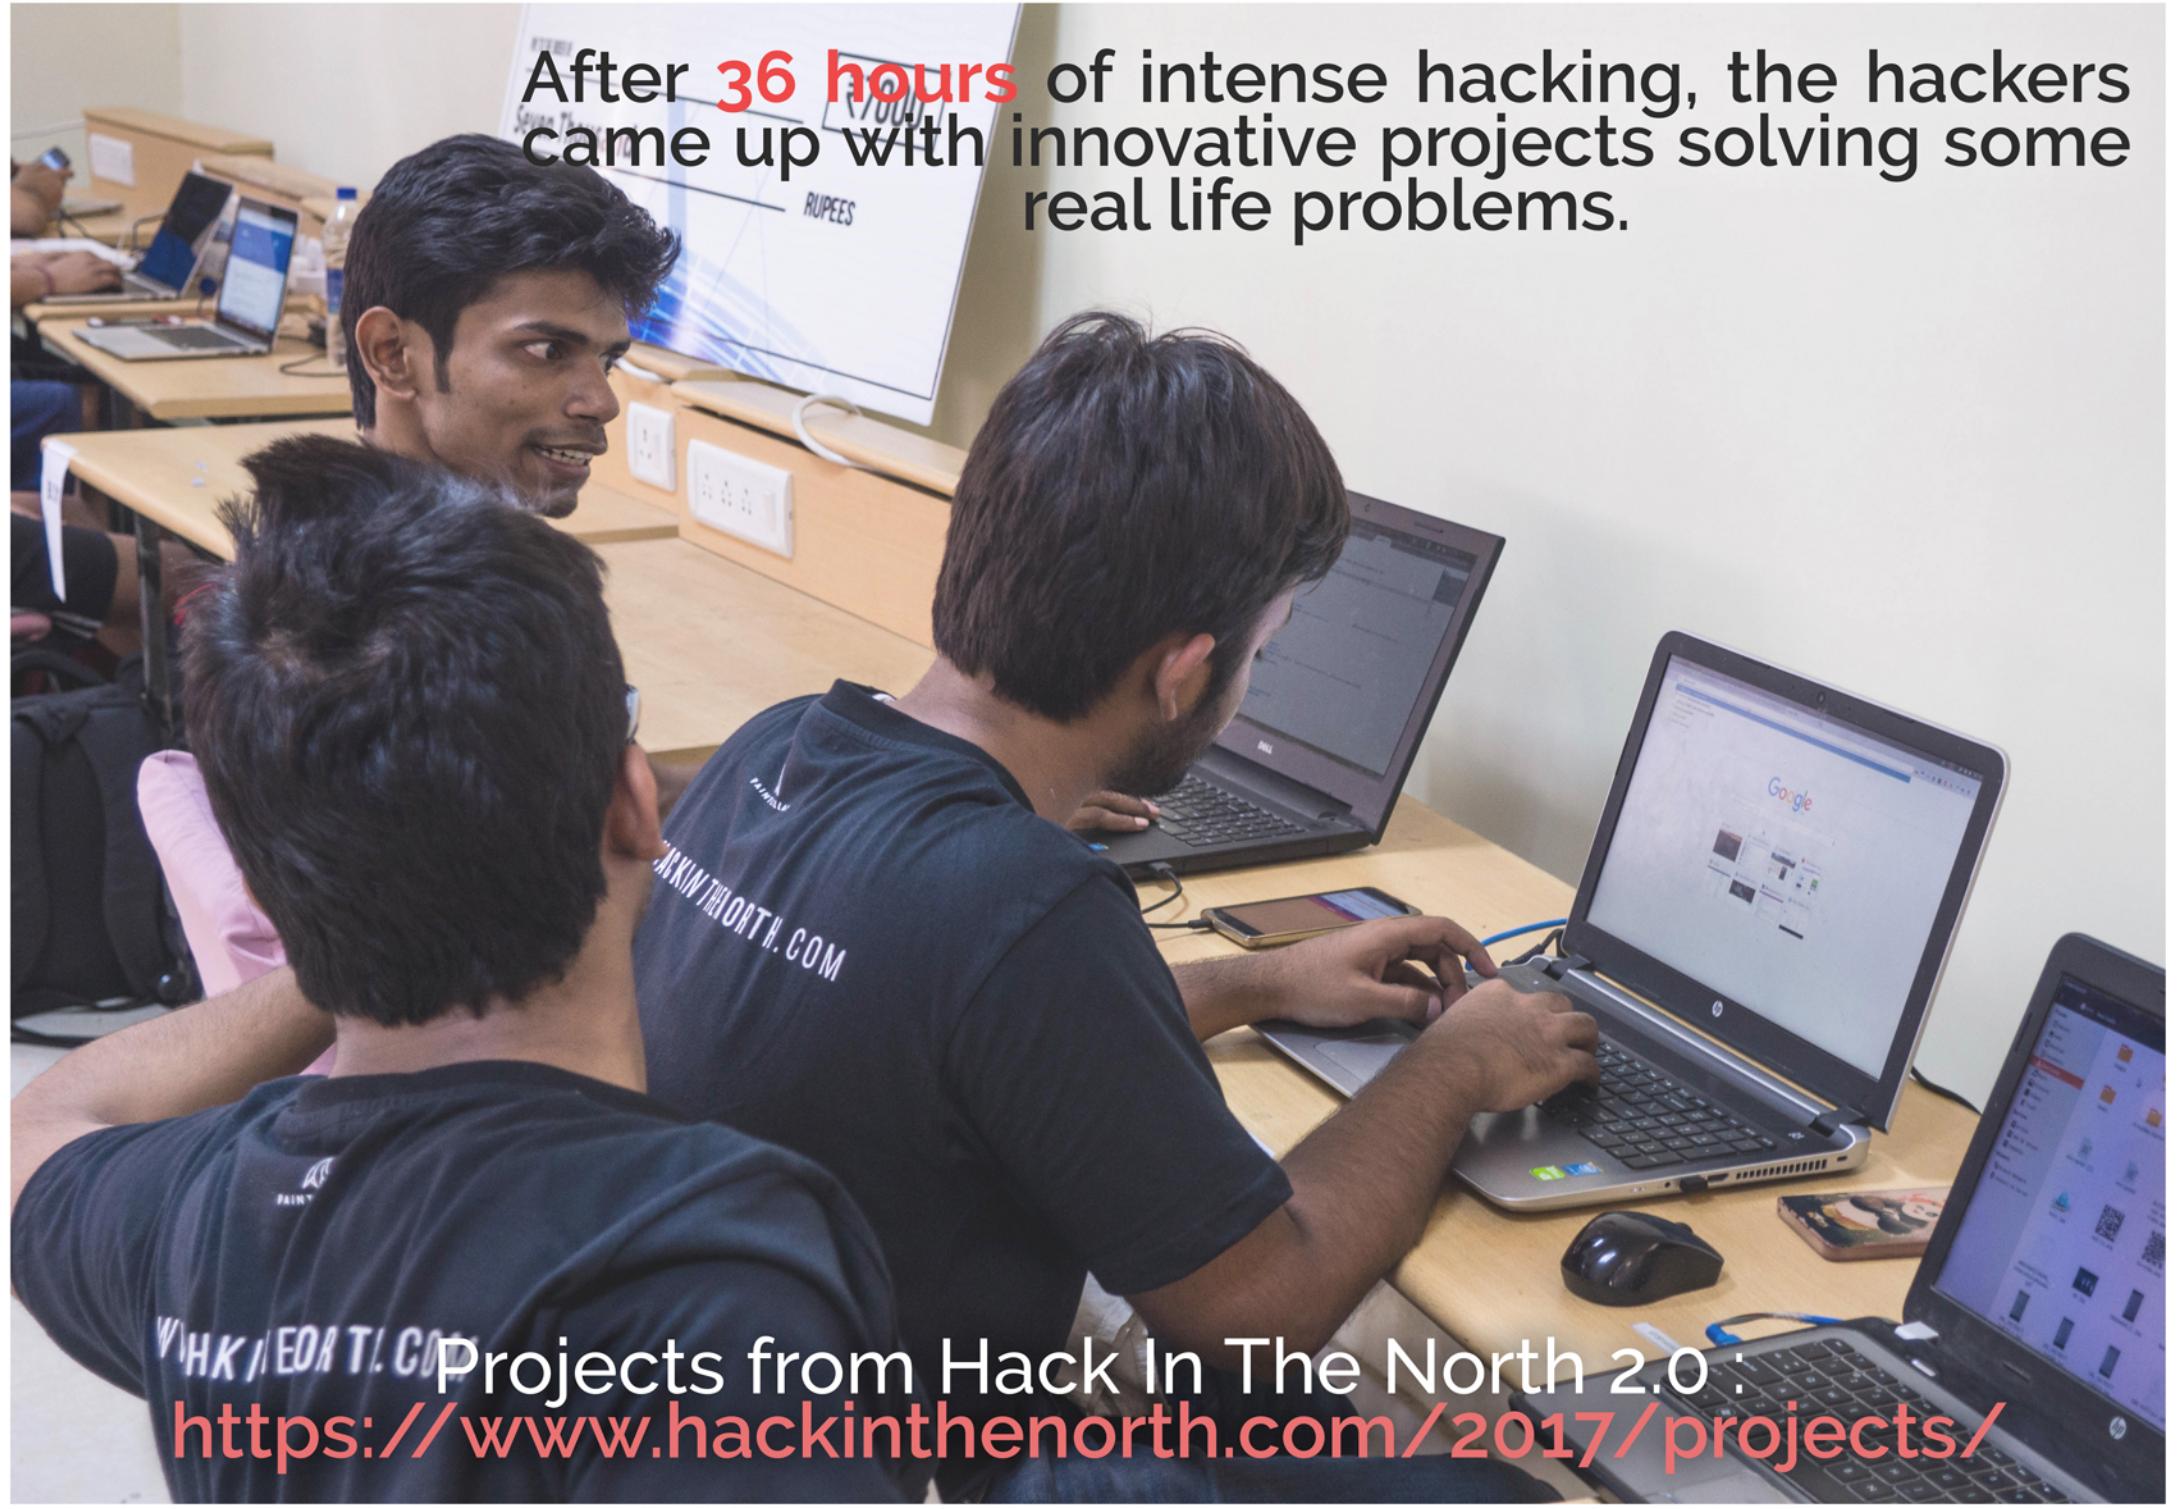

It doesn't matter if someone is still making their first website or their 100<sup>th</sup> one. There are a lot of things to learn.

**The only constraint is time.**

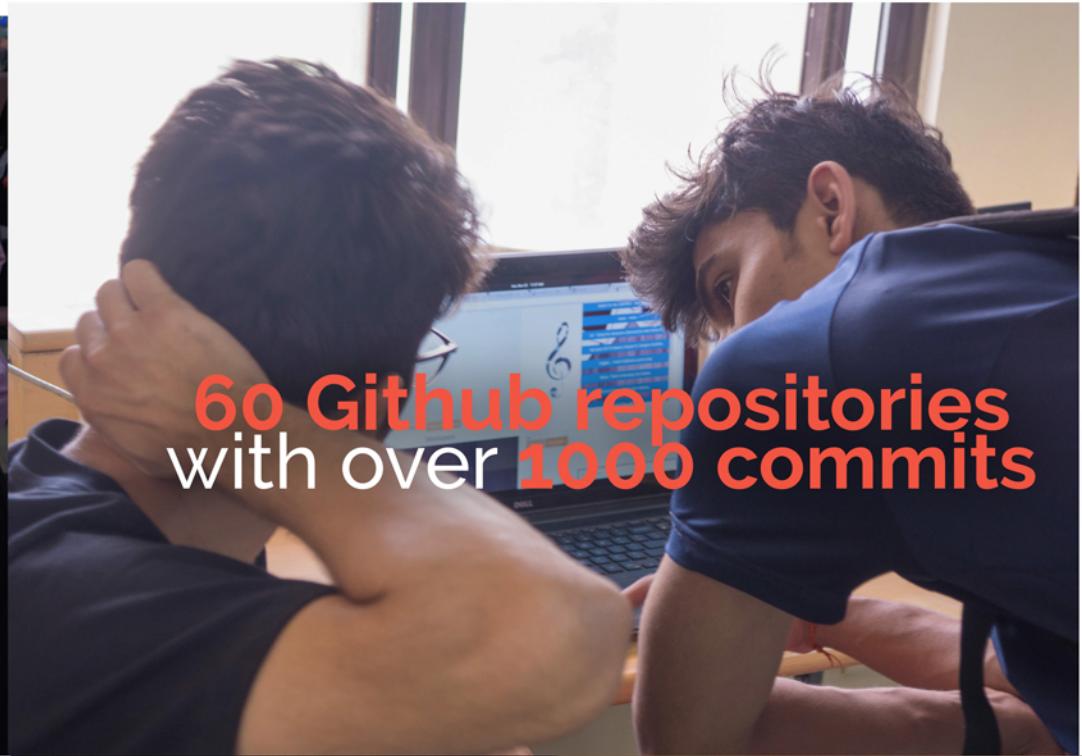

H A C K I N T H E N O R T H

**Hack In The North 2.0** was successfully held from 23<sup>rd</sup> to 25<sup>th</sup> March 2017 at **Indian Institute of Information Technology, Allahabad**. It saw amazing participation of **300+** participants from across the country, making it the **Largest Student Hackathon** in India

A photograph showing several people working on laptops at a long table in a workshop setting. In the foreground, two men are visible from behind, looking at their screens. One man's shirt has "HACKINTHENORTH.COM" printed on it. In the background, a large screen displays a presentation slide with the text "After 36 hours of intense hacking, the hackers came up with innovative projects solving some real life problems." and a graphic of a banknote labeled "RUPEES".

After **36 hours** of intense hacking, the hackers came up with innovative projects solving some real life problems.
